INVITING OFF-TAKERS FOR SOLAR POWER

H-Energy Private Limited, the energy arm of the Hiranandani Group is developing a 40 MW Solar PV Project on privately owned land in the state of Maharashtra in India. The Project is in advanced stage of development, having completed all technical feasibility studies and should be commissioned in Q1 - CY2018.

HEPL invites expression of interest from Distribution Companies, Electricity Traders, Industrial and Commercial Consumers willing to purchase power generated from the Project.

Interested parties are requested to share their interest and details to:

Kunal Vohra, V.P. Business Development

Email: kvohra@henergy.com

Last date of submission of interest is

15th February 2017.
